Arguments Will be Presented at Hearing in Worcester Wed nesday Evening-Towns Along the French, Quinnebaug and Shetucket Rivers to Have Representatives at Hearing-Norwich Board of Trade and Norwich Cham-

ber of Commerce to Have Members Present.

Arguments why a canal from Worcester to Norwich should be built are
to be presented at a hearing in Worcester on Wednesday evening which is
to be held before Major G. B. Pillsbury of the United States corps of engiasers. The prospects are that all the
towns in the busy manufacturing sections through which such a canal would
pass will be represented at the hearing to show their interest and advocacy
of this important project. The establishment of such a canal would be of
immense beyefit to all the manufacturing communities along the French,
Quinebaug and Shetucket rivers, as it
would provide a means of water transportation from the center of Massachusetts and the inland part of Connecticut north of this city. Factory
owners in this territory would thus be
able to receive coal and freight by
water and also get their products to
the New York markets and to other
points by water at a cost far below
what they are now paying.

SALVATION ARMY SERVICES AT COLONIAL THEATER With Middletown Silver Band in At-

tendance-Made Big Day for Army. Saturday and Sunday were red letter days on the Salvation Army calendar for special services were conducted on both days by Brigadier Andrews and the Middletown Silver band. The band came here from Middletown Saturday, upon invitation of Captain C. H. Phillips, and held their first service on Union square, Saturday evening. F. St. Andrew's Episcopal church, was the speaker at the Y. M. C. A. meeting in the association pariors on Sunday afternoon at 3.30 o'clock. General Secretary Edwin Hill: led the service and Swahn's orchestra provided the music programme.

The problem of the empty church was the subject of the talk given by Rev. Mr. Bohanan. The work of the Christian church is not as efficient as it might be, said Rev. Mr. Bohanan. The empty church is yet an unsolved problem. Certainly the desired results for which most of us are striving are not being accomplished. Our methods are wrong, inefficient. If men and women today are to be made Christian workers it is to be done only by some power of compulsion. The work that lies before us is "to go out into the highways and hedges and compel them to come:" What force are we to use? We want the greatest power in the world. The moral and spiritual forces are great powers but love is the greatest power. Rev. Mr. Bohanan, in closing, said he believes that the only way that people will be brought into the church will be through love.

The meeting on next Sunday is to be one of unusual interest, as the speakers will include several members.

The band, with Brigadier Andrews and wife, and Captain and Mrs. Philips, occupied seats on the platform and the service was led by Brigadier Andrews. After the hymn, Mercy Still for Thee, Captain C. H. Phillips offered a forvent seaver. The familiar hymn, Nearer, My God, to Thee, was sung and a silver collection was taken. Captain Lawrence of the band was then introduced by Brigadier Andrews. He spoke of the object of the cambalson as "trying to get someone to kneel at the foot of the cross" and said there is a better opportunity for the Salvation Army in Norwich than there was in Middletown three years ago, where the army has since accom-Surprise Party Given Mr. and Mrs. George Chappell at Lebanon-Willard A.
